Department of Civil Aviation

FCL LTO 2010-4

31<sup>st</sup> May 2010.

To: All applicants for, and holders of a Bermuda Flight Crew Certificate of Validation.

**Maximum number of aircraft registrations permitted per Certificate of Validation.**

Background:

The Bermuda Department of Civil Aviation validates licenses and certificates in accordance with I.C.A.O Annex 1. For the last few years each issued validation is linked to the aircraft registration or the Operator's name and is in relation to the aircraft type designation.

Action:

From the 1<sup>st</sup> July 2010, applications for more than one aircraft registration mark to be included on the Certificate of Validation will be limited to a maximum of three (3). This does not apply to those validations granted to aircraft types linked to the same Operator (e.g. *"all G5 operated by XYZ Limited"*).

Applicants who wish to include more than three aircraft registrations on their validation will be required to obtain a Freelance C. of V., which incurs a charge of \$2000.
